Perfect for Cam Models

Enhanced Comfort & Secure Fit:

Ergonomically designed & **23%** lighter than previous model: long-lasting comfort and stability during movement.

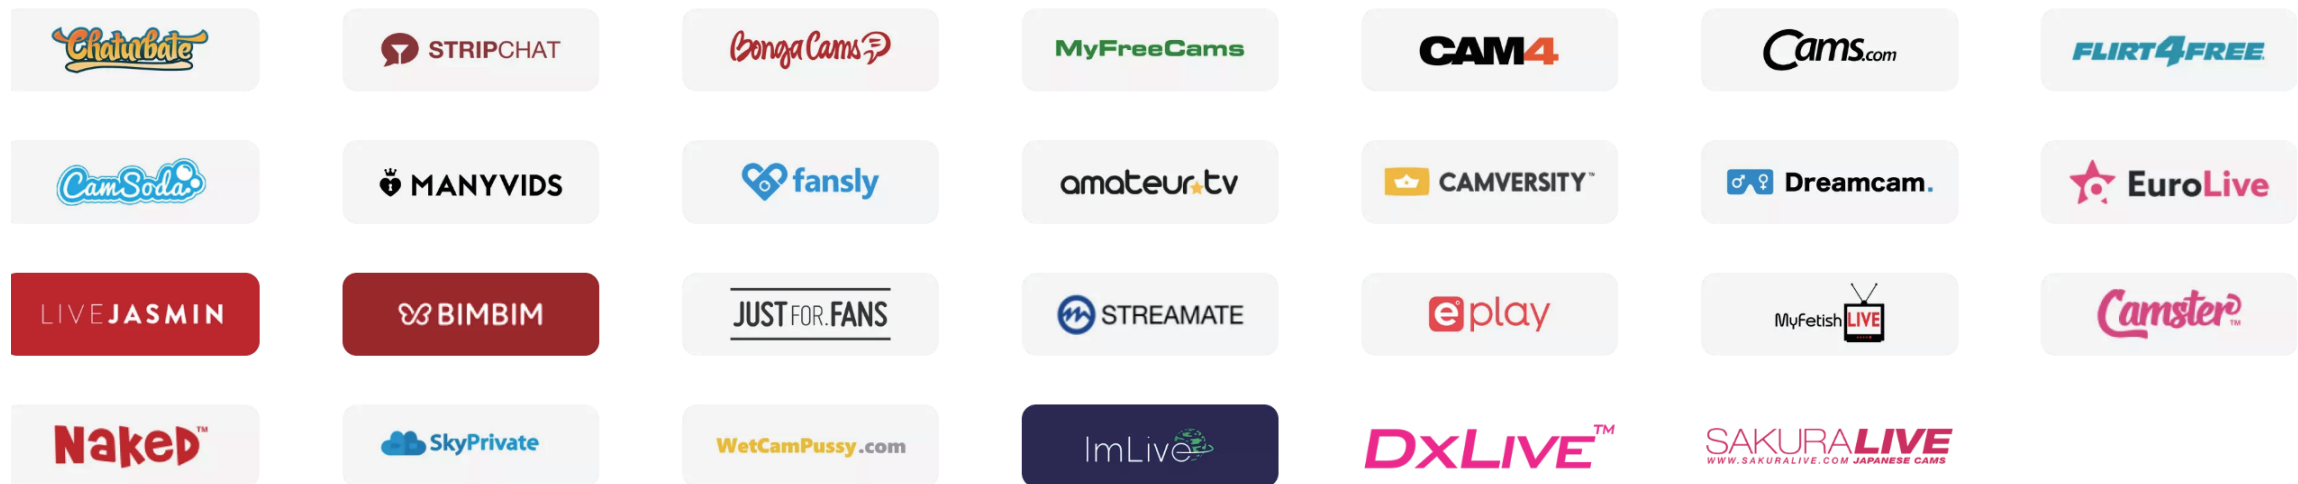

Rapid Charging for High-Frequency Streams:

Charge for 7 mins = 1 hour playtime, perfect for high-frequency streams.

Sensual Tip-Activated Light:

Customizable LED tail syncs with vibrations, creating an interactive, tip-activated display.

Integrated Cam Sites

Lush Mini Lights

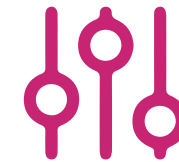

7 Vibrant Colors

3 lights, each capable of changing to: red, green, blue, yellow, cyan, magenta, and white.

Scrolling Effect

Eye catching scrolling lights for your viewers or long-distance partner(s).

Customizable Schemes

Personalized light patterns for Lovense
Remote app control, and camming

Visual Intensity

Light effects change with vibration intensity.
Higher intensity creates more dynamic effects.

Customizable LED Lights

Lights Change based on Vibration Intensity

There are 4 different vibration ranges. Each range produces a different light effect.

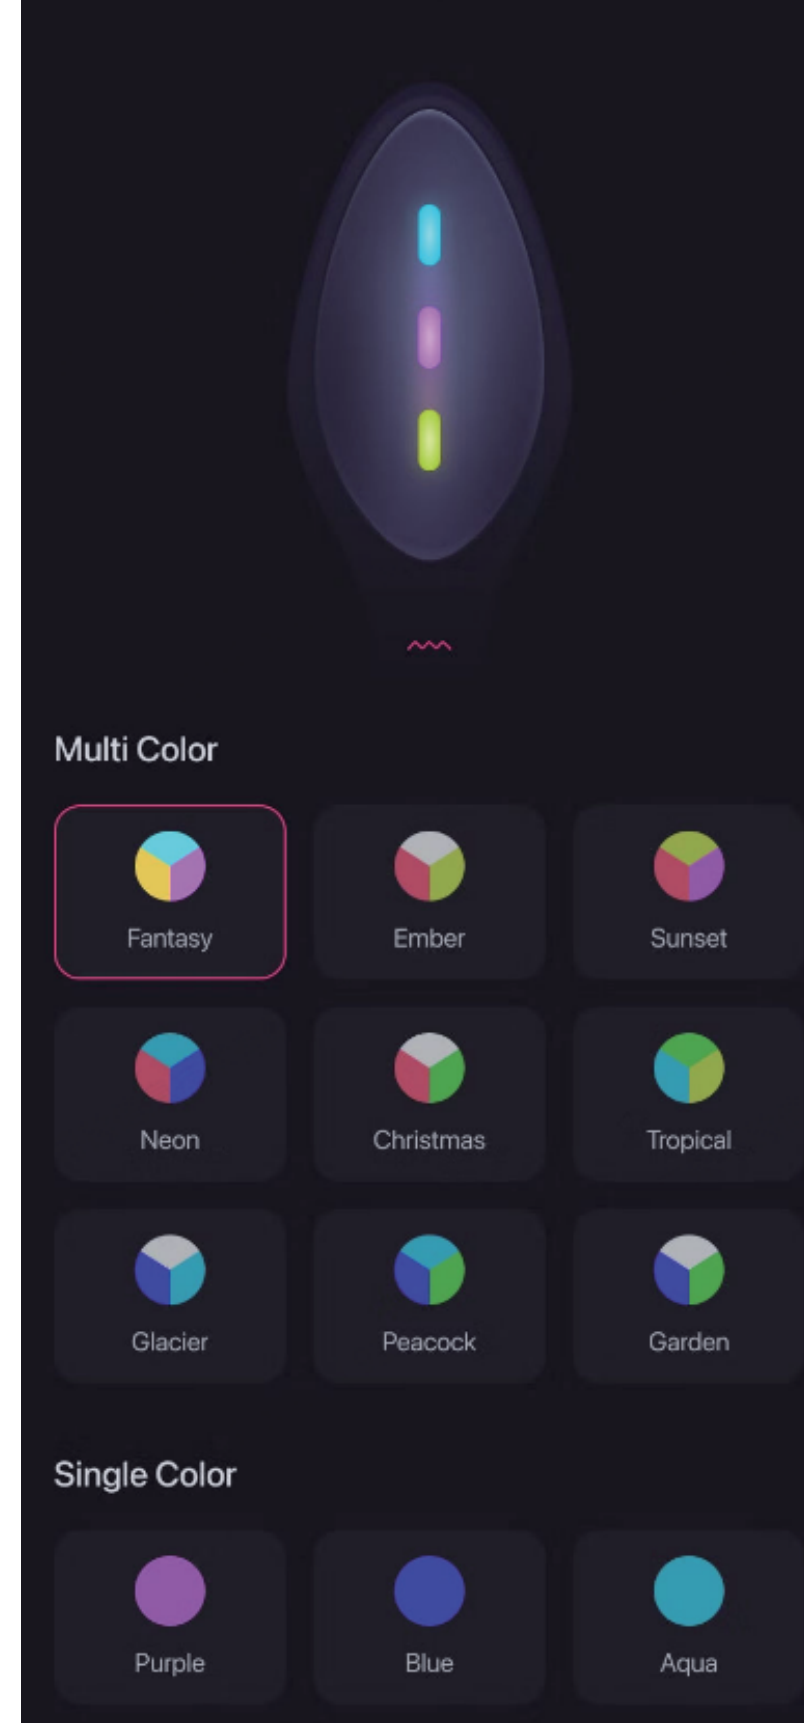

Multiple Color Themes

The app offers 9 multi-color, and 5 single-color themes. This gives users a good atmosphere for personalization.

Real-Time Preview

Once you choose your color theme, you can see the light effect in the app page as well as on the actual toy.

Personalized Light Show

Vibration-Reactive Light Effect

Models will be able to personalize the maximum vibration intensity and color display for the toy's four different ranges.

Max vibration intensity: adjustable for both basic and special commands (like patterns)

Light display: choose which lights turn on, and choose desired color theme
